

# Sidesloper® Pumps

Manufactured by GunnCo Pumps & Control, Inc.

## P3K SERIES AUGER PUMPS

Designed for special applications with sand, silts, scale, and bio-solids that clog and foul standard leachate pumps.

- ✓ Auger agitator feeds solids into the impeller.
- ✓ Chrome Iron impeller resists wear and erosion.
- ✓ Stainless housing and inlet screen.
- ✓ Wheeled stainless steel carrier for easy installation and service in sideslope applications.
- ✓ Easy access transducer holder.
- ✓ Available in 3Ø 230 and 460 volt 2.0 to 7.5 HP motors.
- ✓ Heads to over 100' TDH and flows to over 250 GPM.
- ✓ Recommended for 24" risers.
- ✓ Available for vertical wet well applications without carrier.
